

## CAN READ HIS TITLE CLEAR

George B. McClellan Mayor of  
New York Beyond Rea-  
sonable Doubt.

## HEARST CONTEST FAILED

JUDGE TOOK THE CASE FROM  
THE JURY.

New York, June 30.—Mayor George B. McClellan's title to the office of mayor of New York was made clear by the decision of Justice Lambert in the supreme court today, when he ordered a jury to render a verdict that McClellan was duly elected mayor in 1905. W. R. Hearst has been contesting the mayor's right to the office practically ever since the election, and as a result of his charges of fraud in the original count of ballots the legislature passed a law enabling a recount. Attorney General W. S. Jackson then instituted quo warranto proceedings on behalf of the people, in which both Mr. Hearst and Mayor McClellan were named as defendants.

**McClellan's Plurality 2,965.**  
The recount left Mayor McClellan with a plurality of 2,965, whereupon Clarence J. Shearn, representing Mr. Jackson, alleged that the ballot boxes had been stuffed and requested the court to throw out the entire vote of 112 election districts in which he charged that the ballots found in the boxes exceeded the number of registered voters. This, however, was based on an incorrect list of voters, and when the correct list was produced today Mr. Shearn said that the registration was greater than the poll in every district disputed.

Justice Lambert declined to throw out the contested districts. Mr. Shearn then charged that the inspectors had registered an excessive number of names, but said he could not prove repeating.

**No Fraud Shown.**  
The justice then declared that the original count was quite as complete as the one made in court, and that the evidence showed no fraud so far as the election inspectors were concerned. He said that if legal voters could be dis-

## NAMES SELECTED FOR NEW TOWNS ALONG ROUTE OF WESTERN PACIFIC

Work has progressed so far upon the Western Pacific railroad that the task of naming names for the stations, the future cities and towns along the line, has been taken up. Many of the stations have now been named. The twenty or thirty which are still to be christened will be named after pioneers residing along the line who have been friendly toward the railroad.

The first station west of Salt Lake will be known as Buena Vista. It will be three miles from the city. The name is a fanciful one, inspired by the beautiful view of the surrounding country from that point on the line.

The next station, seven miles away, will be called Fox, after Fox's addition. Then, 14 miles away, will be Garfield; next, Lake View, 20 miles away, and then Grant, 31 miles away, which has been named in honor of the pioneer Grant family.

Beginning at San Francisco and extending over the line to Salt Lake, the stations so far named are as follows:  
San Francisco, 0; Oakland, 2.49; Oakland, 6.50; Melrose, 10.54; San Leandro, 15.05; Longwood, 17.28; Hayward, 20.74; Decoto, 27.23; Niles, 29.66; Pleasanton, 41.47; Livermore, 47.49; Lyoth, 52.50; Lathrop, 52.50; Stockton, 52.57; New Hope, 112.81; Glenn, 119.22; Franklin, 124.51; Sacramento, 138.55; Sankey, 152.50; Pleasant Grove, 157.50; Reed, 172.10; Marysville, 174.86; Tambo, 185.84; Friesleben, 192.84; Palermo, 198.97; Oroville, 204.93; Quartz, 209.46; Bidwell, 211.42; Bloomer, 217.50; Las Plumas, 221.43; Berry Creek, 224.65; Shafter, Nov., 76.39; Silver Zone, 72.15; Gath, 78.65; Pilot, 78.75; Oia, 79.18; Wendover, Utah, 89.70; Galudra, 815.19; Armon, 825.15; Barro, 835.19; Knolls, 845.18; Olive, 854.46; Low, 866.19; Delle, 878.40; Timpie, 885.79; Grant, 896.90.

franchised so readily as had been attempted in this case, this form of government would not endure long. If the jury were to return a verdict against Mayor McClellan, Justice Lambert said, he would not allow it to stand, and he ordered a verdict in favor of the mayor, which was rendered. The jurors were allowed \$50 each, having sat fifty-one days.

**Costly for the Mayor.**  
Mayor McClellan issued a statement tonight in which, after defining his attitude in regard to the recount, he states that he had been forced to pay out \$40,000 to defend his title, not including counsel fees, which are still unpaid.

The mayor directs attention to the fact that "the result of this enormous expense and this protracted litigation has been to increase my total vote and diminish my official plurality by about 500 disputed ballots."

Mayor McClellan says that he has no regrets as to the course he pursued, and that he feels that the controversy

Lake View, 967.69; Garfield, 912.19; Fox, 920.39; Buena Vista, 924.19; Salt Lake City, 927.19.  
In California, from Oakland 229 miles to a point above Oroville, the company has created but five new names for future stations. They are Glenn, for the owner of the ranch of that name; Tambo, the Spanish for tavern or wayside inn; Friesleben, for the owner of another ranch traversed; Quartz, for a big white bluff, formerly in old staging days called White Rock and Las Plumas, the original Spanish name for what is now the Feather river.

From Las Plumas in the Sierra country, eastward for a distance of 51 miles, provision has been roughly made for about fifty stations, about half of them being at old established towns in Nevada and the eastern part of California. Farther eastward, however, where the track laying has been completed, there are about sixteen new names that will figure on future Western Pacific time cards. Shafter is named in honor of the late major general, Silver Zone for a mountain range and an old mining district near that point; Gath for a biblical character; Pilot for Pilot peak, a very conspicuous, isolated, conical, desert land mark; Oia, the Spanish word meaning "behold"; Saldura, the Spanish for rock salt, that particular place being in the middle of the great natural salt deposits; Armona, Spanish for "sandy"; Barro, Spanish for "mud," in an oozy, muddy desert stretch; Knolls, for the wind-formed sand knolls on the eastern edge of this mud desert, some of which the railroad builders scooped out and mixed with the mud to make a road bed. Low, for the low pass in a hog-back ridge of hills; Timpie, an Indian name for Timpie Springs, near that point.

will discourage the bringing of election contests of this sort in the future. He said that if he had suspected that his election was the result of fraud he would have acted differently.

## NO ONE IS NEXT IN SAN JUAN AND WAYNE

Two Counties Lack Barbers According to Annual Report of Examining Board.

San Juan and Wayne counties have no barbers. At least the state board of examiners for tonsorial artists say so, and any state board ought to be relied upon for the facts.

Whether the people of these counties go unshaven or whether they operate their own razors is not stated in the annual report of the board, which was filed with the governor yesterday.

The report itself gives a considerable amount of statistics about the shavers and hair cutters who manipulate razors and shears within the borders of Utah. For instance, there are 433 licensed barbers and 40 apprentices in the state. These gentlemen are confined to 302 shops in 121 towns. Salt Lake has 65 shops in which 127 barbers operate, and there are 24 apprentices who are just learning.

The board examined 132 barbers who applied for licenses during 1907. Of this number 145 were granted the privilege of shaving Utah citizens.

Sixteen arrests for violations of the law were made and 10 convictions secured. Thirteen shops were closed because of unsanitary conditions.

William Pizott is the chairman of the board; Dr. C. M. Benedict is the treasurer, and P. A. Hill is secretary.

## ALFF'S BELATED REPORT

Figures Discounted by Previous Statement Submitted by Special Auditors.

Five months overdue, the annual report of Rudolph Alff, city auditor, was issued yesterday.

The excuse given by the auditor for not having his report prepared within the time allowed by the statute is that the special auditors who were devising a new system of bookkeeping for the city delayed him. In this connection it will be remembered that Gideon Snyder, city auditor, prepared an annual report in January, and it was suppressed by the auditors as not conforming to their "system."

The report of the auditor shows nothing of any particular interest, the field having been previously covered by the reports of the special auditors, made some months ago.  
It shows that the receipts for the year were \$1,081,147.38, and the disbursements \$1,149,576.45, making an excess of disbursements over revenue of \$68,429.07. This includes all funds, general and special.  
But the auditor makes light of this deficit, as he shows that the city had coming to it on Jan. 1, 1908, \$289,411.66 in uncollected revenue, thus making a balance on the right side of the ledger of \$200,982.59. As 50 per cent of this "uncollected" revenue will always remain uncollected, it is nothing more than a paper credit. The practice of using it to offset a deficit pleases the administration and doesn't do any particular harm.

## SACRED RIGHT INFRINGED

Citizens of Goshen Want Fishing Privilege Restored.

Being disciples of one Izaak Walton, the citizens of the village of Goshen have appealed to the state game and fish commissioner, H. B. Cromar, asking that they be allowed to fish in the Mount Nebo reservoir. The petition states that the reservoir is a public water and that they have fished there for many years, but this year the Utah Lake Irrigation, Water & Power company has denied them the right. Mr. Cromar will see that the citizens of Goshen are allowed to continue their fishing in the reservoir, as he states that it is public water.

## AMONG BUSINESS MEN

It was stated yesterday that as soon as Samuel Newhouse returns from his trip to New York work will be commenced on the \$1,200,000 Newhouse hotel at Fourth South and Main streets. Mr. Newhouse while in New York, it was said, will complete arrangements for the necessary funds for the work. At the hotel of the city at his departure he said he had about \$500,000 available for the hotel.

Frank E. McGurkin, president of the Salt Lake Security & Trust company, left last night on a business trip to Seattle. He will be absent about two weeks.

Work on the lights and decorations of the Merchants' bank's quarters in the Judge building is about completed, and the bank fixtures will be moved in some time this week.

Members of the Salt Lake Real Estate association will meet at the Commercial club at 12:15 o'clock this afternoon to complete the arrangements for the Real Estate day outing on July 9.

The Hubbard Investment company will in a few days move from its present office at 78 West Second South street to its new quarters at 66 West Third South street.

Allen D. Campbell of 34 West Third South street is putting up two stores on the north side of Third South street between Main and West Temple streets.

# Yellowstone Park Wylie Camps

The Wylie Permanent Camping Co., Yellowstone National park, announces the successful inauguration of its regular six-day tour of "Wonderland" from Yellowstone Station, the terminus of the Oregon Short Line Park branch. The railroad is now completed to the Park boundary and makes available as complete and convenient a tour as that made from the North Gateway at Gardiner, Mont. The "Yellowstone special" leaves Salt Lake City, O. S. L. station, daily at 6:50 p. m., arriving at Yellowstone at 7 a. m.

The "Wylie Way" in Yellowstone has behind it a record of over twenty years' successful operation from the North Gateway. The company is licensed by the United States government, and the operation of its seven large camps and stage line is controlled by the same authority. In entering this new field our regular Six-Day Tour combines the same thoroughness, the same economy and the same novel outing that have made the Wylie "Permanent Camps" famous with travelers who have toured the park from the north via Northern Pacific Railway.

A TYPICAL WYLIE PERMANENT CAMP.

**A SIX-DAY TOUR:** We give six full days in Yellowstone, in accordance with an itinerary that provides for a maximum amount of time at the great points of interest. In the famous UPPER GEYSER BASIN—the home of "Old Faithful," and all the large geysers—the Wylie schedule gives two nights and parts of three days. The Six-Day tour may be extended indefinitely at reasonable rates.

**ECONOMY:** The regular Forty-Dollar Six-Day Wylie tickets (purchased at Riverside camp, park entrance) are all-inclusive. Constant petty fees are absolutely foreign to our system. The initial cost covers meals, lodging, staging, guides and all the so-called "side trips."
